

Instus Inhalant SG Capsules

Instus Inhalant Capsule is a fast-acting inhalation therapy formulated with Camphor, Eucalyptol, Chlorothymol, Menthol, and Terpineol. It helps provide quick relief from nasal congestion, cold, sinus discomfort, and blocked nose by soothing the airways and easing breathing with its refreshing vapours.

Dosage Form

Softgel

Route of Administration

Oral Inhalation

Composition

Each soft gelatin capsule contains:

- Camphor USP 25 mg
- Eucalyptol USP 125 mg
- Chlorothymol 5 mg
- Menthol IP 55 mg
- Terpineol BP 120 mg
- Excipients q.s.

Indications

Instus Inhalant Capsule is indicated for the prompt relief of symptoms of common cold, sinusitis, pharyngitis and other conditions accompanied by congestion of the upper respiratory tract.

Storage

Store in a cool and dry place.

Precautions

For inhalation use only. Do not swallow the capsule. Avoid direct contact with the eyes and nostrils. In case of accidental exposure, rinse thoroughly with cold water. Do not expose the capsule to an open flame or place it near a microwave. Use only as directed and consult your physician before use if symptoms persist or worsen.
