

Tordex Syrup

Tordex Cough Syrup is a combination of dextromethorphan, phenylephrine and chlorpheniramine, used in the treatment of dry, irritating cough and congestion. It is highly effective in relieving the body's allergy-like symptoms, such as a runny nose, cough, sneezing, stuffy nose, itching, and watery eyes.

Dosage Form

Syrup

Route of Administration

Oral

Composition

Each 5ml contains:

- Dextromethorphan Hydrobromide I.P. 10mg
- Phenylephrine HCl I.P. 5mg
- Chlorpheniramine Maleate I.P. 2mg
- Flavoured Syrup Base q.s.

Indications

Treatment of dry, irritating cough, nasal congestion, and allergy-related symptoms such as sneezing, runny nose, watery eyes, and throat irritation.

Storage

Store at a temperature not exceeding 25°C. Protect from sunlight, heat, and moisture.

Precautions

Use only as directed by the physician. Contraindicated in patients with known hypersensitivity to any ingredient of the formulation. May cause dizziness, drowsiness, blurred vision, dry mouth, loss of appetite, or nausea. Use with caution in patients taking other medications, as interactions may occur with MAO inhibitors and certain central nervous system medicines. Do not exceed the recommended dosage.

Presentation

60 ml & 100 ml bottle.
