

Torque's Powerplay Condoms (STAY LONG)

Torque’s Powerplay Stay Long Condoms are designed to make every intimate moment more thrilling. With 1500+ stimulating dots, they enhance sensation and intensify pleasure for both partners. Infused with lubricated silicon oil and 4.5% benzocaine, they help prolong performance, making Powerplay the perfect blend of safety, excitement, and satisfaction.

Dosage Form

Condom

Route of Administration

External Use

Composition

Each condom contains:

- Natural Rubber Latex
- Benzocaine 4.5%
- Lubricated with Silicon Oil

Indications

Used for pregnancy prevention and to help reduce the risk of sexually transmitted diseases (STDs) when appropriately used. The product is designed to help prolong sexual performance.

Storage

Keep in a cool, dry place away from heat and direct sunlight.

Precautions

- Always check the expiration date before use.
- Use a new condom for each act of intercourse.
- Never use two condoms simultaneously.
- If the individual package is damaged, discard the condom and use a new one.
- Use only the correct type of lubricant recommended for use with condoms.
- Natural rubber latex may cause allergic reactions, including anaphylactic shock.
- Seek medical assistance as soon as possible, at least within 72 hours, if the condom leaks or bursts during use.

Presentation

3N & 10N Condoms
